

Date: July 16th, 2021

TO: Town of Rico Board of Trustees
FROM: Kari Distefano, Rico Town Manager
SUBJECT: July Board of Trustee's meeting

Update on the pre-application agreement with the CWCB.

Marti Whitmore has not heard from the State. If that changes prior to the meeting, she will let us know.

Rio Grande Southern Trail

While the Town's planning support grant application to Colorado Parks and Wildlife was unsuccessful, we did get a grant from San Miguel Power Association for \$7,500. I had estimated that the total cost of planning, which would include an environmental assessment and engineering plans for the bridge to be \$25,000. I had budgeted \$6,000 from the Parks, Open Space and Trails fund and another \$5,000 from the Colorado Conservation Trust Fund for this project. Please bear in mind that those two funds cannot be used for anything other than recreation and open space oriented projects. The Rico Trails Alliance has committed \$3,750 to this project and if we are going to go forward with it, it would be good to hire a consultant to perform the environmental assessment by the end of August at the latest. I would like to get some direction from the Board as to whether or not to proceed with hiring a firm to perform the environmental assessment this summer.

Consideration of the acceptance of a transfer of ownership of the Engle's House to the Town of Rico

Pending Board approval, this transfer would take place when all parties are in agreement, and the town attorney has reviewed the deed.

Consideration of an Ordinance regulating short-term rentals in the Town of Rico.

I have attached a revised copy of a draft short term rental ordinance for review by the Board. I have incorporated the comments that I received at the work session that took place on June 30th. I have highlighted in yellow the revisions that I have made per Board comments and have added some questions in red that may require further discussion. I have also included the summary of comments from the work session in this packet. The Rico Planning Commission had some additional comments. They suggested the following:

1. That a point system be put in place for evaluating renewals.
2. That there should be a differentiation in permits for people that are living in their houses during the time they are short term renting and people that are short term renting second homes. This differentiation has been made in the ordinance. The question is whether or not the Board wants to keep that provision in place as is or revise it.
3. That in addition to considering a mill levy increase on the next ballot that the Board consider an additional 2% lodging tax that would be dedicated to the street fund. Originally the 1% lodging tax that was approved in 2001 (Ordinance 2001-7) was dedicated in part (75%) to the Parks, Open Space and Trails fund and in part (25%) to the Rico Business Association, but since the Rico Business Association no longer exists, the lodging tax in its entirety goes to the Parks, Open Space and Trails fund.

The revisions that were suggested by the Rico Planning Commission have not been included in the revised ordinance that is included in this packet but pending direction from the Board, they could be.

Consideration of a Multi-year Agreement between the Town of Rico and the Rico Center.

The Town is in the process of negotiating an agreement with the Rico Center regarding multi-year funding. The agreement will contain the following provisions:

1. The agreement would begin in 2022 and terminate in 2026 unless that Town and the Rico Center agree to extend the agreement.
2. The amount would be between 40% and 60% of the Rico Center's annual revenue and be capped at \$70,00 unless otherwise agreed by the parties.
3. Funding would be used for Town staffing expenses.
4. The agreement would not preclude Town grant applications for other Town projects or needs.
5. The Rico Center would have the right to terminate the agreement if the funds are misused by the Town.
6. The agreement would terminate in the event the County mill levy that funds the Rico Center were to go away.

Consideration of an application for a special use permit for the purpose of a short-term rental, 214 Mill Road, Scott Smith applicant

Scott Smith would like to use his house, located at 214 Mill Road as a short-term rental. He has applied for a Special Use Permit as required by the Rico Land Use Code. The application is attached to this memo for your review and is complete and compliant. Special Use Permits should be reviewed according to the following criteria:

Compatibility with Surrounding Area. The proposed use or operation is compatible with surrounding land uses and with the surrounding neighborhood.

General. The location, size, design and operating characteristics of all proposed uses shall mitigate any adverse effects, including visual impacts, on surrounding properties.

Noise. At no point on the bounding property line of any use in any district shall the sound pressure level of any use, operation or plant produce noise intensity greater than that customarily level of the underlying Zone District and surrounding neighborhood so as to create a nuisance or detract from the use and enjoyment of adjacent property. For the purposes of this section, bounding property line shall be interpreted as being at the far side of any street alley, stream or other permanently dedicated open space from the noise source when such open space exists between the property line of the noise source and adjacent property. When no such open space exists, the common line between two (2) parcels of property shall be interpreted as the bounding property line.

Smoke and Particulate Matter. No proposed operation or use in any district shall at any time create smoke and particulate matter that, when considered at the bounding property line of the source of operation creates a nuisance or distracts from the use and enjoyment of adjacent property.

Odorous matter. No proposed use shall be located or operated in any district that involves the emission of odorous matter from a source of operation where the odorous matter exceeds the odor threshold at the bounding property line or any point beyond the tract on which such use or operation is located. The odor threshold shall be the concentration of odorous matter in the atmosphere necessary to be perceptible to the olfactory nerve of a normal person.

Explosives. No use involving the manufacture or storage of compounds or products that decompose by detonation shall be permitted in any district, except that chlorates, nitrates, phosphorus and similar substances and compounds in small quantities for use by industry, school laboratories, druggists or wholesalers may be permitted when approved by the Fire Marshall as not presenting a fire or explosion hazard.

Flammables. The storage and use of all flammable liquids and materials such as pyroxylin plastics, nitrocellulose film, solvents and petroleum products shall be permitted only when such storage or use conforms to the standards and regulations of the Town of Rico and receives the approval of the Fire Marshall.

Toxic and Noxious Matter. No proposed operation or use in any district shall emit a concentration across the bounding property line of the tract on which such operation or use is located of toxic or noxious matter that will exceed the threshold limits set forth by the Colorado Department of Health.

Vibration. No proposed operation or use in any district shall at any time create earthborne vibration that, when considered at the bounding property line of the source of operation creates a nuisance or distracts from the use and enjoyment of adjacent property.

Open storage. No open storage of materials or commodities shall be permitted in any district except as an accessory use to a main use located in a building in the MU Zone District. No open storage operation shall be located in front of a main building. No wrecking, junk, or salvage yard shall be permitted as a storage use in any district.

Glare. No proposed use or operation in any district shall be located or conducted so as to produce intense glare or direct illumination across the bounding property line from a visible source of illumination nor shall any such light be of such intensity as to create a nuisance or detract from the use and enjoyment of adjacent property.

Traffic. No proposed use or operation shall be permitted where the use would create undue traffic impacts on Town roads and affected residential neighborhoods.

Off-Street Parking. Adequate off-street parking is provided to accommodate the proposed use.

The proposed activity is unlikely to produce noxious odors, smoke or problems with any of the other issues mentioned in the review criteria except possibly noise. According to the narrative, the applicant will be living in the house and renting out a room(s). I have provided a Google Earth image of the lot, which is included in this packet. As you can see, the house is isolated from neighbors. Parking would be on the driveway. As always in these residential neighborhoods, the concern is traffic and dogs. The Town requires that contact information for the local owner or a local representative be kept current and be available to local law enforcement as well as Town officials. We should also require proof that could come in the form of photos that smoke alarms and carbon monoxide detectors are installed in the house and functional.

The Rico Planning Commission recommended approval of this application as long as the applicant understood that he would be subject to the upcoming regulations, should the pending Ordinance be approved by the Rico Board of Trustees.

Suggested motion: motion to recommend approval, recommend approval with conditions or deny the application for a special use permit at 214 Mill Road.

November Ballot Initiative

The Board has discussed this on prior occasions. Our attorney is in the process of drafting the language for the ballot initiative. It is important to note that the language **does** have to be specific to a certain project or fund. My suggestion is that 12.8 mill levy increase would go specifically to maintaining current levels of snow removal, upkeep of grading and drainage, repair of ditches and culverts, dust control, improving surfacing and keeping up with necessary equipment replacement and repairs. The following is a table that calculates based on Rico’s November assessed valuation the cost to individual homeowners.

Commercial / Vacant Property Total Value	Annual Cost to Owner	Residential Property Total Value	Annual Cost to Owner
\$100,000	\$371.20	\$100,000	\$91.52
\$150,000	\$556.80	\$150,000	\$137.28
\$200,000	\$742.40	\$200,000	\$183.04
\$250,000	\$928.00	\$250,000	\$228.80
\$300,000	\$1,113.60	\$300,000	\$274.56
\$350,000	\$1,299.20	\$350,000	\$320.32
\$400,000	\$1,484.80	\$400,000	\$366.08
\$450,000	\$1,670.40	\$450,000	\$411.84

Audit

I am requesting an extension to the deadline for the Town’s audit. Lyman Hamblin, our auditor is still working on it and although he may get it done in time, I don’t want to risk being in violation of the State’s timeline.

Work Session – Draft Short-term rental ordinance

Board Comment

Pat Fallon had questions regarding the terms of the permits. Would the permits be based on a calendar year or a year from when the applicant's permit was approved? He also had questions about fees and the Town's ability to monitor the permits.

Joe Croke disagreed with the ten permit per year cap. He felt that the fees should be high enough and that the permit process should be onerous enough to self-regulate. He felt that caps would create a commodity. He also believed that permit should be subject to annual review. He thought that short term rentals should be allowed in multi-family units as well as single family units.

Esteban Roberts agreed with Pat Fallon.

Joe Dillsworth felt that there should be a cap on the number of short-term rental permits allocated.

Nicole Pieterse also questioned the duration of the permit as well as monitoring and enforcement. She felt that a cap should be considered in the residential zone in order to encourage commercial uses in the commercial zone districts. She also felt that short term rentals should not be prohibited in multi-family units. Short term rental permittees should be required to provide a list of all sites on which they are advertising. The town manger should have the authority to issue and revoke the licenses.

Brandy Randall felt that short-term rentals made the work force housing crisis worse and does not believe that they should be allowed in residential zone districts.

Barbara Betts agrees with Pat Fallon. She agrees with a cap. Fees should be high enough to discourage people that are not serious enough about wanting to do it right from doing it. She is worried about the effect of short-term rentals on long term housing. She agreed that permits should be approved on a calendar year basis.

Joe Dillsworth added that the permits should be used, or they would be lost.

Nicole Pieterse said that both the Town Board and the Town manager should have discretion not to approve or renew licenses.

Public Comment

Scott Emerson wanted to know if the Board was not going to ask people to maintain their properties, how were they going to justify enforcing short term rental regulations.

Gerrish Willis stated that all resort communities were facing a critical need for worker housing and allowing short term rentals has a real impact on long term housing availability and neighborhoods. It takes housing away from workers. He supports a limit.

Cristal Hibbard supports a cap.

Benn Vernadakis supports a cap on permits and an annual review. He supports a lottery or point system to allocate permits.

Helen Mazik supports higher fees. She said that short term rentals are an economic benefit to the Town. She would support criteria that would look at what makes a good candidate for a short-term rental.

Florence Ezell wanted to know if she could have a bed and breakfast in her residential unit.

Gretchen Treadwell did not like the idea of a lottery to determine permit allocation.

Direction to staff:

1. Applicants will be accepted throughout the year but will be reviewed annually beginning April 1st and permitted by April 30th.
2. Cost of the permit application will be \$200.00. Permit fees will be \$1,000 per year.

Permit allocations will be capped at ten with priority be given to renewals for permittees with no documented complaints and a proven record of tax payments to the Town. Other permits shall be determined by a lottery.

3. Violators will be fined per direction from the Town attorney.
4. Violations especially with respect to uncovered trash, shall be grounds for the denial of the permit.

**TOWN OF RICO
ORDINANCE 2021-0**

AN ORDINANCE OF THE TOWN OF RICO, COLORADO, DEFINING SHORT-TERM RENTAL, REPEALING SECTION 1 OF ORDINANCE 2011-3, REVISING REGULATIONS FOR SHORT-TERM RENTALS IN THE RICO LAND USE CODE ARTICLE II SECTIONS 220 AND 222, PROVIDING FOR LICENSING OF SHORT-TERM RENTALS AND LIMITING THE NUMBER OF SHORT-TERM RENTALS ALLOWED WITHIN THE TOWN OF RICO.

WHEREAS, the Board of Trustees of the Town of Rico (the “Town”) believes it appropriate to define short-term rentals and license their use; and

WHEREAS, due to the COVID-19 pandemic, on-premises food service establishments were closed or limited for indoor dining requiring take out, and other delivery methods;

WHEREAS, the Board of Trustees desires to ensure that short-term rentals are not consuming a disproportionate amount of the Town’s housing supply, especially long-term rental housing; and

WHEREAS, the Board of Trustees desires to allow short-term rental opportunities within the Town of Rico with the resulting economic benefits, potential tourism attraction, and the ability to make one’s property more affordable; and

WHEREAS, the Board of Trustees desires to assure a safe and quality experience for residents, businesses and visitors; and

WHEREAS, the Board of Trustees desires to balance the need for regulations with the cost to the property owner and burden of enforcement to the Town; keep revenue neutral; and

WHEREAS, the Town has the power and authority to make and publish ordinances that are necessary and proper to provide for the safety and preserve the health of the inhabitants of the Town not inconsistent with the laws of the State of Colorado; and

WHEREAS, the Town has made a conscientious effort to plan for specific uses within all zoning districts and to anticipate conflicts between competing land uses, in order to protect the public's health, safety and welfare;

SECTION 1.

SHORT-TERM RENTAL: Rental of all or a portion of a residential dwelling unit for periods of less than 31 days. This definition of short-term rentals excludes hotels, motels, lodges, and bed and breakfasts.

SECTION 2.

Ordinance 2001-3 Section 1 is repealed and Article II, Sections 220 and 222 are amended as follows:

I Short-term Rental Regulations:

1. Intent and Purpose: Establish standards and procedures by which residential short-term rentals can be provided in a manner that protects both the quality of experience and the character of the

Town of Rico. It is the Town of Rico's intent to establish short-term rental regulations to promote a mix of lodging options, support the local economy, while also upholding the integrity of the Town.

2. Permitted Use of short-term rentals.

a. Short-term rentals are allowed in all zoning districts where residential units are a use by right or an approved conditional use. Short-term rentals shall comply with the provisions of this Subsection (I) and shall be licensed by the State of Colorado and the Town of Rico

b. Short-term rentals:

(i) Shall be a single-family residential unit; or

(ii) Shall be a property with two dwelling structures where the owner may use one of the dwelling structures as a short-term rental.

(iii) Shall be a multiple family residence or structure where short-term rentals are allowed in multiple family structures.

3. Performance Standards for short-term rentals

a. The unit being rented, shall be a Dwelling Unit, as defined pursuant Article IX of the Rico Land Use Code, nor be leased or used to any group containing more than 10 people over the age of 18.

b. The unit shall have a minimum of 2 off-street parking spaces available and any additional spaces necessary to accommodate the tenant's vehicles off street.

c. There shall be an owner's agent available to be at the unit within 20 minutes, who is on call full time to manage the property during any period the unit is rented. The name address and phone number of the agent must be kept current on file with the Town and posted in the short-term rental. Do we want this number to be available to neighbors?

d. Adequate trash and recycle containers shall be provided and information on placement for collection shall be provided in the short-term rental. Inadequate protection of trash from wildlife will be grounds for the denial of a permit renewal.

e. The unit shall be maintained in compliance with applicable Town ordinances and regulations. The rental of residential units as provided herein shall not unreasonably annoy or interfere with the use or enjoyment of public or private property or which constitutes a health or safety hazard.

f. The owner must have current state and Town sales tax licenses, a Town business license at such time the Town has business licensing and collect and remit sales taxes and lodging taxes.

SECTION 3
Licenses required.

1. Any property owner who rents out a unit on a short-term basis within the Town of Rico shall be required to obtain a short-term rental license (hereinafter a "Short-term Rental license") for each short-term rental unit from the Town of Rico. Such Short-term Rental license and its corresponding number shall be prominently displayed in all advertising of the unit. **The cost of such licensing and renewals shall be \$1,000 per year and may be amended from time to time by the Rico Board of Trustees.** Short-term Rental licenses are nontransferable.
2. All Short-term Rental units, except the Short-term Rental of a single room inside an owner-occupied dwelling unit, are required to have and pass a health, safety and welfare inspection by the Town Building Inspector. This inspection will be completed with the initial and renewal licensing processes. **Do we want to make any revisions to this section?**
3. The total number of Short-term Rental licenses in the Town of Rico shall be limited to 10 at any one time. The Short-term Rental of a single room inside an owner-occupied dwelling unit shall not be counted toward the maximum number of licenses to be issued. **Preference shall be given to renewals of licenses unless there have been violations of this Ordinance or verified complaints by neighbors. If the short term rental license has not been used over the course of the year, the license holder will not be given renewal preference.** **Do we want to revise the second sentence in this paragraph?**
4. **Short-term Rental licenses shall be issued for a period of one year beginning in April and subject to annual renewal in April of every year.**

SECTION 4 Licenses fees.

1. The local application and license fees for all Short-term Rental licenses issued, and applications submitted shall be enacted by Rico Board of Trustees Resolution.
2. In addition to the above fees, the applicant/licensee shall reimburse the Town for all out-of-pocket costs incurred during review of the application, or license, including legal fees, consultant fees, postage, notice and publishing costs. The Town shall bill the applicant/licensee upon completion of the application or review process and completion of any conditions thereof. No application or license shall be finally approved until the bill is paid. Each bill shall be overdue 30 days after its date. Bills not paid by the due date shall accrue interest at the rate of 1½ %per month or part thereof.

 - c. The holder of the Short-term Rental has failed to remit sales and/or lodging taxes.
